Medical Equipment L.L.C

## HTG COMPANY PROFILE

TOGETHER FOR A HEALTHIER WORLD

## A WORD FROM THE C.E.O

"It is our strong belief that the main success of any company lies in its capability to acquire and retain a dedicated professional team that works hand in hand; but the key to a successful corporation is Quality. Strong people, world-leading innovative products, and premium service, are the core elements of our success. Together for a Healthier World – is our concept at HTG company.

It is how we establish and retain the valuable partnership with our clients and business associates, assisting them to achieve beyond their goals. HTG strives to continuously provide its partners with quality and innovation, as we do not just sell products; we actually provide them with the ideal solution at the best quality-to-price ratio.

Since 2023, our journey was modestly exciting with success. This was attributed to our employees, clients and business partners; but mainly by virtue of our Great **GOD** who has always given us the strength, faith in difficult time, and perseverance to remain steadfast in our work.

This all, has always been the secret behind your worthy trust, and thus our firm growth."

Mrs. Mirella Elias - CEO

## ABOUT US:

Hi-Tech Gates Medical Equipment L.L.C was established in 2023 in UAE and since 2012 in Lebanon. And has grown progressively to become a major performer among both local and regional business corporations.

The core business and vertebral column of our group business lies in healthcare: Medical, Hospitals/Labs, as well as Research & Quality Control/Assurance (QC/QA). In addition to the above, HTG exercises its expertise as well in the fields of: Hi-Tech Technology Innovation & Solutions, Services & After Sales Services, Logistics & Supply, Infrastructure & Contracting, Electrical/Mechanical/Telecom, planning design & implementation, among other.

Despite the above-demonstrated miscellany of our business scope, yet the key to this successful diversity and workforce is - QUALITY; as it lays at the core of our personnel expertise, of our delivered products & services, and our day-to-day, micro-to-macro operations.

By all means of Quality, we have successfully managed to gain the trust of our partners and business associates one time after the other.

As our market needs and requirements gradually grow, HTG aim to continuously grow higher and above all common standards, looking at the future as if it is today!

## HTG – TOGETHER FOR A HEALTHIER WORLD:

**HTG** plans and delivers integrated development and logistical solutions for its clients around the world.

HTG provides integrated "turnkey" solutions and services along every step of the way for public institutions and private clients.

To ensure the successful implementation of an integrated development project, HTG provides special attention to:

- ✓ Technical, social, and financial impact studies including equipment / re-equipment studies and needs analysis.
- ✓ Planning, design, implementation, and delivery of public works and equipment projects from start to finish for medical equipment
- ✓ Strict compliance with local environmental and international regulations for healthcare.
- ✓ Progress monitoring and status reporting of equipment deliveries, and installations.
- ✓ Technical evaluation, delivery, installation and initial start-up / monitoring of new equipment and Medical disposable/Implantable.
- ✓ Nowadays we hold one of the leading positions at the market of distribution and counseling of medical implantable and offer medical solutions for surgery, Orthopedic, Cardiology, Neurology, Urology.
- ✓ Guarantees of equipment/Disposable for required periods.
- ✓ Hiring, training, and certification of employees working onsite or operating any newly installed equipment.
- ✓ Monitoring and reporting the performance of employee teams at the workplace.

## HTG – WHAT MAKES US DIFFERENT:

**HTG is a company with values:** With the end-user always in mind, we take special care to address all the details contained within every phase of an integrated development project.

**HTG invests in social well-being:** our focus is on the potential positive impact that each project we develop has on the quality of life, social development, and natural environment of the surrounding local community. At HTG we take pride in knowing the projects we undertake create a positive impact in people's lives and well-being.

**HTG propels local development:** We are a source of employment in every one of the regions in which we operate, stimulating the local economy and providing support to local families. We supervise and train employees, using the local labor force to fill the majority of jobs generated for public works projects we undertake.

**HTG delivers progress:** Through a variety of health, educational, recreational, we bring progress to the local community in each of the countries that we operate in.

**HTG protects the environment:** With every project with carry out, our responsibility to protect the natural environment goes beyond the standard industry norms and regulations. At HTG, protecting the environment is our duty

## TRAINING & EDUCATION:

Going beyond service!!!! HTG is dedicated to improving global healthcare services through education, training, and technology.

The rapid growth in the field of medicine and medical technology requires continuous education & training; this is why we facilitate our clients in acquiring further qualifications through our network and relationships between international institutions.

## STRATEGIC ALLIANCES:

**HTG works with equipment and implantable from world-renowned brands in each of their respective industries:**

- ✓ HTG stands by the quality and operation of every piece of medical products. It is because of this that we have established strategic alliances with the largest, most reliable and established manufacturing brands available in the market. Having delivered turnkey public works and equipment project, we understand the importance of working with trusted brands. Therefore, we select the best brands and products of each specialty. ONLY one brand, the best one, by specialty and by product.
- ✓ By working only with trusted equipment distributors and manufacturers we are able to extend the manufacturer's warranty with a guarantee that provides a long-standing value for our clients.
